

Boost Dealers - Boost Sales

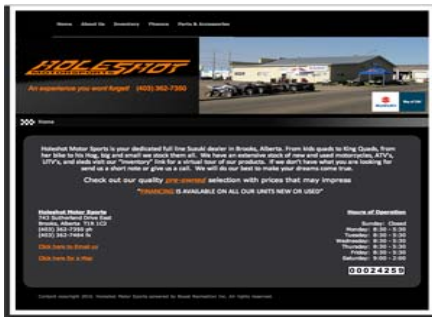

It's all about leads - and most important - Qualified Leads.

One Boost Dealer - Action Motorcycles in Victoria BC agrees and is experiencing a **close ratio** of roughly **60%** thanks to the Boost virtual tours helping “pre qualify” buyers. Qualifying buyers allows staff time to work leads and develop sales vs. answering calls from “tire kickers”.

More than virtual tours - Complete websites too!

Despite a poor economy - Boost continues to expand our service offerings and partnerships in an effort to address the changing needs of the Recreational Products Industry. **Multi functional, low cost - website** solutions including hosting, design, email, inventory management, customer forums, galleries and more are just the starting point. Branding and marketing expertise are integrated into every website we build and the best part – they are a fraction of the cost of other “industry” sites. Complete packages from as low as \$250/ month with no up front fees – allow Boost to help you Boost your online presence 24 hours a day.

Click to view some of our latest sites.

Another key reason for the success of many Boost dealers is their use of **itoys2buy.com** including (sleds2buy.com, motorcycle2buy.com, quad2buy.com and iboats2buy.com). Boost has addressed the needs of the industry and developed partnerships beyond the traditional “trader” monopoly. **itoys2buy.com** offers the most cost effective, targeted solution in the country helping dealers showcase both new and pre owned inventory synced with their website on a daily basis. At 1/10th the cost of trader, **itoys2buy.com** provides dealers with about **100,000 highly qualified buyers a year** and most importantly a “trader” alternative.

For more information about Boost Recreation, our new Boost Websites, the **itoys2buy.com** network or a complimentary website evaluation on the effectiveness of your current website – please call or email us and we will have someone follow up.
